

Bell WoodTurners

July 10, 2008

Jimmy Sapp Creats Wooden Jewelry

Jimmy Sapp delighted the Club in June with a demonstration on turning earrings that resembled acorns.

Jimmy has a knack for making it look easy, but then when you are a master crafts-man and an artist all his demonstrations look easy till you try it on your lathe. Jimmy showed us once again, that you don't need fancy tools and expensive wood to make one-of-a-kind woodturnings, you just need creativity, desire, and ability. Any one missing his excellent

demonstration can purchase a DVD for only \$2.00. Jimmy didn't put a price for the earrings, but if you are interested in purchasing a pair contact Jimmy. Please note that Jimmy refused to model the earrings claiming his ears aren't pierced. No one else volunteered to model his earrings either

SawDust Session

The SawDust session that normally is on the Saturday following the Club's monthly meeting will not be held in July since we are having our annual demo / sale day on that Saturday.

Bill (Smith) will have his woodshop, west of Newberry on State Rd 26, open on the Saturday following the monthly meeting in August for those who are not affected by the heat and want to work on a special project or are looking for turning ideas / suggestions.

Treasure Report

Beginning Balance	\$2,736.94
Revenue.....	592.61
Expenses	447.69
Ending Balance	\$2,881.86

Upcoming Events

Demo/Sale Day is July 12th from 9:00 AM to 4:00 PM at the Bell Community Center. All members are encouraged to bring their work to sell along with half dozen weed pots that are free to attendees.
