

BELL WOODTURNERS

MAR 12, 2009

FEB CLUB DEMO

The February Demo was given by Gary Taylor. He demonstrated how to make a goblet. Gary's years of experience shows in both the forms he comes up with and the ease of execution. He adds the personal touch to the details. His use of tools demonstrates his proficiency with each tool including the dreaded skew.

February Treasury Report

Beginning balance	\$3073.26
Deposits & Interest	501.60
Expenses	305.49
Ending Balance	\$3269.37

4-H YOUTH WOODTURNERS

Our 4-H Youth Woodturners Program had its first meeting on February 28 at the Club House in Bell. We had four young wood turners that completed their first project, a honey dipper, at that session. They all appeared to enjoy the process. Also attending was their 4-H leader Chris DeCubellis who also enjoyed the session. Our members who helped with the kids also enjoyed the opportunity to teach someone the proper techniques of wood turning. Our application for an Educational Opportunity Grant to the AAW has been approved in the

NATIONAL SYMPOSIUM BALLOON PROJECT

The stand for the balloon project is mostly complete. We now need to complete the balloons and test the stand by actually hanging the balloons. If you are making a balloon, please have it completed by the April meeting.
