

Bell Wood Turners

May 11, 2006

The annual demonstration and sale is July 22nd from 9:00 AM to 4:00 PM at the Bell Community Center. Volunteers are needed for various activities. We need door prizes and your assistance in getting the event listed in area papers, on local radio, and flyers to merchants in Bell and surrounding towns. All members are expected to produce weed/bud pods that are given to all those who attend and support the club's efforts. The continued success our annual demo/sale day depends on the active involvement of all our members.

Hands on Work Shop

Gary has a list of professional wood turners that you can select from for the upcoming work shops (two). Van thinks that Nick Cook would be a good choice for one of the instructors. Members need to cast their votes soon on the wood turners they want to lead the upcoming work shops. The executive committee needs time to make all the necessary arrangements.

Treasury Report

Balance begin of April	\$2,328.24
April Income	202.00
April Expenses	0.00
Balance end of April	2,504.24

SPECIAL NOTICE - SCAM

If you get a telephone call that asking you to purchase products from the American Association of Woodturners ("AAW"), *DO NOT BELIVE* it. The AAW dose not work that way.

APRIL DEMONSTRATOR

Carl Rehberg demonstrated at the April meeting how to take an inexpensive small bell, purchased from the local Dollar Store, and turn it into a work-of-art.

Another fine example that it does not take lots of money to make quality projects, just imagination and ingenuity.

Carl is rightfully proud of his stylistic handle that changes an ordinary bell into a cherished "ringer".

SAFETY

Remember all accidents can be prevented – think *safety before* you act and wear protective gear when turning on your lathe.
